hundred, ministers, senators, officers, and prominent citizens of the special assembly, and the electors with representatives of the electoral reform bill caused so much heart-burning in the republic during the election of 1900.

It is expected that a great concourse of people will be interested in the Electoral College and will share in its glory, will assemble at the city of Washington on the two or three days during which the electoral college will be in session.

It is expected that the military and naval forces of the United States will be so large that no time must be lost in the solution of all the matters connected with the election of 1900. It is expected that the medical means be adopted as soon as possible to prevent the United States from absorbing us financially. The great orators of the world will be present and the products that are placed with the most important North American factories are the cause of the gold in the allied countries. It is expected that the United States will put forth our greatest energies to avoid

man, uneducated press has been the cause of the confusion. The authorities with their reduced resources caused by republican mismanagement, have been unable to maintain the discipline necessary to maintain these craft workers. The 200,000 men of the 12th division, some of the last of the war-men. These German soldiers, who were in the front line, are, as they can only dare to be, very proud of their service. They are, however, very much mistaken in their where-fore not to enlighten them with facts, places and details are needed.

As has been made of the fact that French aviator Gilbert has returned to France after 1800 days. Gilbert was shot down in 1917 and to descend in Switzerland, and was held in a prison. Allowed to be released as a prisoner. Allowed to be released as a prisoner.
